

An estimated **\$125B** is lost by healthcare systems each year due to underpaid claims; and that was before the current crisis. Wellness Wishes is the perfect vehicle to easily and efficiently reclaim lost revenue for local hospitals and healthcare facilities, **while generating much-needed funds for the communities in which they serve.** Which is why we're proud to fund and manage our Animals Wishes project, and The Dagaz Project.

Get involved in the projects to recoup lost, unrealized money for your organization, while financially contributing to Animal Wishes and/or The Dagaz Project with no out-of-pocket expenses. Your involvement will provide for development and management an animal rescue, animal therapy efforts and a veterans village addressing veteran homelessness. **YOU have the power to make this happen! HOW?** Contribution is laid out in four easy steps:

A partnership between our organizations would begin with your own claim's recovery project

Our team of Funding Advisors does all the work from data collection, analysis, reconsideration efforts, and recovery of funds

Significant funds are returned to your healthcare organization; Wellness Wishes only takes a fee on money that we help recover

We then allocate a portion of our fees to fund Animal Wishes and/or The Dagaz Project in your name

EXAMPLE BREAKDOWN OF POTENTIAL FUNDING:

- \$100M revenue hospital
- 10% revenue recovered = \$10M
- Hospital retains \$5M
- WW invoices \$5M with a minimum \$1M going to Animal Wishes and/or The Dagaz Project, with potential funding for your philanthropic efforts.

JOIN US in helping rebuild a healthier future for the greater good!

Wellness Wishes is addressing two important causes: Animals and Our Nation's Heroes. By getting involved in Animal Wishes and The Dagaz Project, you help Save a Life – CHANGE a Life! Project elements, claims recovery project and further details available upon request, or simply contact us to schedule a call to answer all your questions, strategize and start facilitating funding for your organization and YOUR community!
